Not sure if this has circulated so apologies but I heard from Amazon that they are hearing of a number of additional blockades at the following POEs beginning Feb 12th at 8am:

Fort Erie/Buffalo
Alexandria Bay/Lansdowne

They will try to reroute via:

- Cornwall, ON/Roosevelt, NY
- Prescott, ON/Ogdensburg, NY

Any intel appreciated as well on the Cornwall/Prescott crossings.

Hi All,

Regarding engagement, yes to confirm Min. Mendicino has been in regular contact with Mayor Dilkens. They have spoken directly a few times and text regularly.

On RCMP, no update at this time but will update the group as soon as we have more to share.

Thanks,
Gowthaman

Just noting that the OPP were on there way earlier this morning.

The ask is for both OPP and RCMP.

>>>

>>> Coutts:

>>> Following Premier Jason Kenney's announcement last night (Feb 8, 5 pm MST) that provincial mandates would be lifted in the Province of Alberta in the coming weeks, the initial mood at the Coutts crossing location appeared to escalate.

>>> · Shortly after the announcement protesters realigned the existing commercial vehicles and farm tractors to completely block the Port of Entry (POE) at the Coutts location. With the Border closed, traffic was again stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.

>>> · The mood amongst protesters today (Feb 9) remains status quo, as they seem to have aligned their demands beyond the Alberta-centric provincial announcement to the national message of ending all mandates.

>>> · At the main site in Coutts, currently 16 semi-trucks are lining the northbound side of the highway 4. There are 17 trucks lining the southbound lanes along with 3 personal vehicles. In the median between the N/B and S/B lanes, protesters have aligned 10 farm large farm tractors and 3 commercial trucks in a Tetris like pattern to ensure no traffic can squeeze through.

>>> · At check point 10, which is set up 18km north of the main site on highway 4, there are 19 commercial vehicles, 34 RVs, approximately 103 passenger vehicles, and 12 farm vehicles.

>>> · Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POEs are active while the ports are open (both close at 6 pm MST).

>>> · The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action. Currently the investigative team is working on some tow strategies, but have nothing concrete at the time of this report aside from one heavy duty tow truck owned by the City of Edmonton from which they have removed all decals. Given it is only one tow truck, investigators are working on potential strategies that would support that asset.

>>> · CCMG is still working hard with the community and have identified an area that would allow for a legal protest, which would enhance police and public safety. This area is owned by the Ministry of Transportation and has been approved for usage. The overarching plan is to move the protesters at CP10 to the safe location today, which will alleviate some of the current safety concerns.
